**THE RENOWNED  
WILKINSON PLOUGHS!**  
MADE TO SUIT ALL SOILS.

**THE POPULAR NO. 4.**

This Plough stands unequalled in the Dominion as a Light General purpose Plough. It is very easy to hold and of easy draught, suitable for all kinds of land, will clean in any soil. We have no hesitation in recommending it as the best Plough of the kind in the market.

**NO. 2.**

Light wide Plough, for light land and small horses, will do good work, and is preferred by many to the heavier Plows in light soil.

**NO. 3. I. X. L.**

This Plough is particularly adapted to heavy land. It weighs about 150 lbs., and turns a furrow from 6 to 9 inches deep, and from 10 to 12 inches wide; will clean in any soil, and is of very light draught.

**NO. 7.**

A wide Plough for Summer Fallow and Fall Ploughing. The Mouldboard is of a superior shape to any Plough in the Dominion for a Jointed Plough, and will cover stubble and manure completely. Weighs about 150 lbs., and cuts a furrow from 10 to 14 inches wide. Can fit it with Skimmer and Wheel when so ordered.

**NO. 5.**

The Mouldboard is a model of grace in curve, and for cleaning qualifications has no equal in the world. It runs on a cast iron sole plate, having a wide tempered steel landside extending from the bottom of the Plough and reaching to the top of the land when ploughing with the deepest furrow.

**NO. 6.**

A light strong Plough, between One Horse and No. 5 Plough.

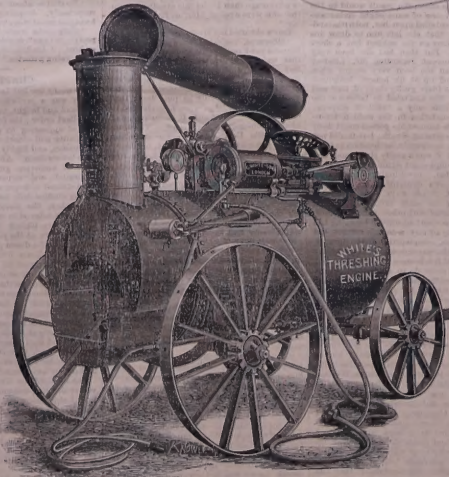

**SINGLE SULKY PLOUGH.**

This Plough is Light in Draft, all the Levers are easily operated, can change the width of furrow, in an instant, and guide it as well as a Walking Plough.

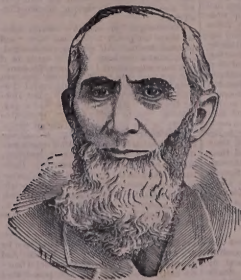

**ONE HORSE.**

Instantly Relieves

**Cold in Head**

D. D. Bunker, Mayor of Brockville, Ont., writes to the Ontario Veterinary Association, says that the Ontario Catarrh Balm is the best he has seen for Catarrh and Cold in Head. In many cases it is used instead of the first medicine.

James Westerman, 1, Portland O. St., Peter, Me., writes: "Nasal Balm gave me the most rapid and satisfactory relief of Catarrh of the Nose I ever used for. I used it three times a day, and in five days I found it easy to breathe, quick in relieving a cold and effect a complete cure in a couple of hours."

# Hoosier Steel Frame Grain Drill.

Over 25,000 Hoosier Drills and Seeders with our Positive Force Feed in Use in Canada.

GUARANTEED "THE BEST IN THE WORLD, and the only drill that can be adapted and used to sow the desired depth, at short and long ground while passing."

THE HOOSIER IS THE ONLY DRILL that sows all kinds of grain, and seeds the furrow in the only drill that commences to sow the instant the furrow is made.

THE HOOSIER IS THE ONLY POSITIVE FORCE FEED, and is the only

that penetrate the ground to just the depth you want it in hard or soft soil.

**THE ROOSIER COMBINED DRILL, with calibrator teeth, is the best cultivator made, and is the only compound made with both an upper drill draw bar that can be raised and set and laid while the team is in motion. THE ROOSIER lightens the farmer's work, and saves him the cost of a separate drill and a separate cultivator. It can be used with either Drill made, and will work better than any other Drill in the world.**

**THE ROOSIER COMBINED DRILL can be changed from drill to sower and order to drill in less than ten minutes. See the Road for our new illustrated catalogue and testimonials.**
